- “L.E.S.S. is More”
TCU Alert and “L.E.S.S. is More”

- Run
- Hide
- Fight

Rally Point

Safe Area
“Lockdown”
“Evacuate”
“Seek Shelter”
Training Our Campus

• RAs and Hall Directors

• Building Emergency Coordinators

• My Team
“Lockdown” Situation: Violence/Active Shooter
If an active shooter incident is taking place near you, and it is safe to do so, call the TCU Police and provide information to include the location and number of assailants, description of assailant(s), weapons used, and number of potential victims. In the event of an active shooter, take these actions:

- **Run**: Run off campus if you are sure you can get away. Leave belongings behind and try to warn others if possible. Do not delay, and call TCU Police once it is safe to do so.
- **Hide**: If you are aware of the shooter’s whereabouts, hide out of the shooter’s view, behind a locked door. Block entry into your hiding place. Turn off the lights and silence your phone (including vibrate). Remain quiet. The hiding place must appear locked and empty.
- **Fight**: As the last resort and when your life is in danger, fight. Act with as much physical aggression as possible. Improvise weapons or throw items at the shooter. Attempt to incapacitate the shooter.

“Evacuate” Situation: Fire
- Remain calm
- Alert others and pull the nearest Fire alarm
- NEVER IGNORE A FIRE ALARM
- All fire alarms require mandatory evacuation
- Evacuate the building immediately
- Do NOT use elevators
- Gather at the predetermined Rally Point
- Call TCU Police when it is safe to do so
- Do NOT re-enter the building until authorized by the TCU Police

“Seek Shelter” Situation: Tornado
Thunderstorms are the most common type of severe weather in the Fort Worth area. However, tornadoes can occur.

- Move to the innermost and lowest level of the building, away from exterior windows
- Get under sturdy furniture or along an interior wall, if possible
- Use your arms and hands to protect your head and neck
- Wait for the “All Clear” before leaving your “Seek Shelter” safe space
